

Come and see for yourself why Cossett Creek is becoming a golfer's favorite! Nestled away in the solitude of Brunswick, Ohio and boasting watered fairways and the truest greens in the area. Cossett Creek offers a friendly yet challenging layout.

With the economic and weather challenges local courses have faced in recent years, the family decided to enlist a trained professional to restore the facilities and the overall golfing experience. For the upcoming years we will be working on improving the irrigation and drainage systems, but we're already making progress improving playing conditions. Our goal is to provide the best overall golfing experience in the area. We want to bring back the people who haven't golfed Cossett Creek in a while.

Our undulating greens and fairways, in a beautifully wooded setting, will provide you with a satisfying golf experience. Beautiful par 3's, challenging par 5's; but stay away from the strategically placed sand traps, water hazards and the Cossett Creek throughout your round.

Putting green, renovated clubhouse, and pavilions for your tournament and outing needs are a few features we have to make your day one of enjoyment. We look forward to seeing you very soon for a round of golf!

Whether you're an advanced golfer or just starting out Cossett Creek welcomes you to its fair test of skills and solitude. Cossett Creek is one of the area's best kept secrets. Our prices are affordable. However, we do offer some times online at an even more discounted rate.

We are very proud of our golf course. We are confident that after you play us once, you are going to want to call Cossett Creek "my home course".
